

# STRATEGIC PLAN

Learning for the Future

1. Serves as the foundation for the Comprehensive Learning Framework
2. Inspires the creation and implementation of District vision, mission, and values statements
3. Anchored on clear systemwide goals based on multiple sources of data and supported by objectives, action steps, and indicators
4. Sets the direction and specifies key focus areas for all stakeholders within the educational organization
5. Serves as the umbrella for all other District plans and practices
6. Requires a strong districtwide commitment to implementation and monitoring
7. Encourages individual stakeholders to consider their behavior in the context of the broader community values and goals
